***Boldface** indicates training received through the Sustainable Forestry Education program.*

Assembled by Michigan State University Extension, Upper Peninsula Regional Forestry office for use by County Commissioners, planners, and others interested in the forest industry. While considerable effort was made to prepare this list, it is not represented as complete, entirely accurate, or an endorsement by MSU of any particular individual or company. The intent is to demonstrate the importance of forestry and forest industry in each county of the Upper Peninsula. Sources of data are MSU Sustainable Forestry Education program and Michigan DNR publications: Burcham, Vi (editor). 1996. "Wood Products in Michigan: A Directory of Mills & Manufacturers" and Burcham, Vi (editor). 1992. "Michigan Forest Products: Producers, Truckers, Brokers, and Dealers". DNR directory information is also available on the Internet at(<http://www.dnr.state.mi.us/dnr/main.htm>). There have most likely been additions and deletions to these lists since the data sources were last updated.
